## **Kindergarten Program Options**

---

Lake Forest School District 67 offers two kindergarten program options: half-day and extended-day. The extended-day kindergarten program will be offered at all three primary buildings for the 2011-2012 school year. Both the half-day and extended-day programs cover the identical curriculum in language arts, mathematics, science, social studies, fine arts, wellness, technology, and information literacy. Both programs receive the same types of support services for speech/language, social work and psychologist services. The extended-day program allows additional time for extended learning opportunities, subject area interactive experiences, and problem solving projects. The kindergarten program will be further explained to you by kindergarten teachers at the **Kindergarten Walk through**. We invite you to attend this program on, April 11<sup>th</sup> from 2:15pm until 3:15pm at 1360 N. Sheridan Road, in Lake Forest.

The following guidelines will be followed for extended-day kindergarten registration: If enrollment is sufficient (a minimum of 15 students per class, maximum of 22 students per class), there will be one class of extended-day kindergarten at each elementary school. If there is more interest than space available, enrollment will be determined using a lottery system. If the program is not available at your school due to lack of enrollment, you will have the opportunity to transport your child to another school, subject to lottery selection.

The extended-day program is fee-based and the Board of Education will set the amount in the spring. There is a possibility that a slight increase from the 2010-2011 tuition of \$4,800 may be necessary. All kindergarten families (both half- and extended-day) will receive a fee packet over the summer outlining additional District 67 fees, which include consumable supplies, materials, technology and transportation.

Regular Hours for all Kindergarten Programs (the extended-day kindergarten school day will begin and end at the same time as grades 1-4):

# Frequently Asked Transportation Questions

## 1. Where does the bus pick up and drop off my child?

Each year the District along with our transportation company reviews the routes from the previous year and updates them with additions and deletions to our student population. The form that you have been provided in the kindergarten registration packet helps us establish the routes for the fall.

Kindergarten students use the same bus routes as students in grades 1-4.

We make every attempt for Kindergarten children to have house stops. There are some limitations due to cul-du-sacs and other street issues.

## 2. How does my child receive a bus pass?

Bus passes are generated by the last week of September and sent to each school building. Assistance is given by the teachers to place the passes on the children's back packs.

## 3. What are the payment options?

This will be determined in the spring and the information will be sent to each family along with the other school fee information late June.

## 4. How long are the routes?

Most routes are less than 30 minutes.

## 5. Does the District run separate buses for the Kindergarten children?

The only separate bus would be the Mid Day bus which is **ONLY** for kindergarten children. All other buses will carry children from grades K through 4<sup>th</sup>. We try to make a point of having the younger children sit in the front of the bus.

## 6. What is the Mid Day route?

The mid day route is for students who attend either AM or PM kindergarten sessions. This is an option offered **ONLY** to Kindergarten children providing one-way bus transportation at the end of AM Kindergarten from school to home or at the beginning of PM Kindergarten from home to school.

**7. Does my child need his pass to ride the bus each day?**

Yes, after the passes are distributed, the drivers will be checking for passes.

**8. Does an adult need to meet the child at the bus stop?**

To insure the safety of our children, we ask that an adult be available to greet the child as they exit the bus. Since most stops will be house stops, a parent at the doorway or driveway will be sufficient. If there is no adult present, the child will be returned to the school.

**9. What if my child doesn't ride the bus but needs to ride home with a friend on occasion?**

The District has a 10 Ride Option which allows a family to purchase one set of 10 ride passes per student per year. The passes need to be submitted to the school along with a Temporary Transportation Change Request Form.
