

Lake Forest School District 67
Board of Education
May 26, 2009

Present

Chris Rossman, Julia Wold, Carrie Travers, Lisa Garrity, Kyle Schumacher, Joe Malin, Julia Cooley, Andy Henrikson

The Education Committee approved the minutes from March 18, 2009

Longitudinal Math Study -Mr. Malin gave the Committee an overview of the longitudinal study. This was the information presented at the earlier May Board meeting.

Theatrical Space – Mr. Schumacher gave quick overview of an opportunity to work with Citadel on theatrical space and programming. More details to be forthcoming.

Board Goals – The Committee did a quick review of the 2009- 2010 goals

Inform – Dr Cooley gave a quick presentation and overview of the new software Inform. The new platform gives many new opportunities to use data to inform our instruction and to help make identification of those that may need additional support

Summer Curriculum Work – Mr. Schumacher gave an overview of the curriculum work that is being planned for the summer and how that aligns with some or the goals.

Placement Information – Mr. Schumacher and Dr. Henrikson gave an overview of DPM placement into HS classes.

The next Education Committee meeting will be in the fall and both our community committee members have agreed to continue to serve on the committee. Thank you to Carrie and Lisa
