Budget Impacts for the Future

Dr. Griffith gave a quick overview of the potential budget impact of the upcoming .1% CPI. As the Education Committee looks at the 2009-10 goals we will need to balance multiple factors. Part of this discussion centered on the stimulus money that will funnel through NSSED and the position that District 67 would like to take on that issue. Dr Griffith explained the need to understand how the money can be used (supplant or supplement.)
