- Allen reported that the City of Lake Forest will not be terminating the West Lake Forest TIF District on December 31, 2011 as expected. The TIF will remain open until December 31, 2012 which is the original end date. This means property tax revenues which would have been distributed to the schools in June and September of 2012 will be delayed until March of 2013 at which time the surplus TIF funds will be distributed.

The projected extension is based on current assumptions regarding new construction figures and the projected increase in existing property values. Both committees discussed and endorsed their respective Tentative 2011-2012 Tax Levies.
- District 115 committee members adjourned at 8:15

Dr. Griffith reported that District 67 maintained their Standard and Poor's AAA rating. Elizabeth Hennessy of William Blair Company brought back the four debt refunding options presented at the last meeting.
