Striving for Excellence; Seeking a Balance

August 2010

To the Parents of

Deer Path Middle School is excited to be using the Edline service as one of our school-home communication tools. Edline is internet-based and password secure. It provides a webpage for every class at Deer Path Middle School. Teachers use Edline to post homework and provide pdf's of documents, communicate class happenings and important dates, and provide inks to interesting information that supports the curriculum.

In order to access Edline, you need to activate your account. Your personal Edline Activation Code is:

The attached document (Edline Instructions) has detailed information on how to activate your account. If you receive multiple activation codes because you have several children at Deer Path, enter each code one after the other. (Refer to Step 3 on the attached document.).

Once your account is activated, you will be able to login to Edline. Click on your child's name in the yellow Shortcuts box. You will see shortcuts to his or her classes, activities, calendar and reports. Be sure to click the Help button and read or print the 'Student/Parent Quick-Start Guide' to take advantage of Edline features.

Your child is also receiving an activation code and will be activating their Edline account at school with their homeroom teacher. Once activated, your child will be asked to create an account login and password. Please have your child write this information down in a safe place until the login and password have been committed to memory.

If you need assistance in the activation process, please call the DPM Office, and we will be able to provide you with assistance.

Sincerely,

John Steinert
Principal
