RE: Summer Opportunity Deadline Approaching

Dear Sixth/Seventh Grade Parents:

Sign up deadline is March 24, 2011, and we still have space available for all 6th and 7th grade students to join in on this amazing and educational opportunity!!!

I am excited and pleased to announce that I will be taking a group of sixth and seventh grade students to the Florida Keys in June 2012, with Worldstrides Discover Programs Splash into Science. We'll experience the underwater world of Florida while kayaking in garden coves and snorkeling with sea life. We will even have the opportunity to swim with dolphins and study different areas of natural science. It is an outstanding opportunity for fun and knowledge. I truly believe that the students are exposed to and involved in some incredible science adventures with this program. I am hoping to take 20-30 students, but if more are interested I can recruit other teacher chaperones.

If you are interested in having your child take part in this trip, I can arrange for you to view an online informational video.

I know that students have such a wide variety of summer options, but I hope you will consider this one seriously.

I know that some of you don't know me. I have taught Drama here at DPM for 11 years and while my background is in the Arts I have a great passion for the environment and the world we share with the oceans and it's inhabitants. I look forward to meeting you. If you have any questions, please email me and I will get back to you promptly.
